

## Hosted by the Embassy of Switzerland to the United Arab Emirates and Bahrain, Abu Dhabi - United Arab Emirates 26th September 2019

**An AWS accredited training program for sustainability and water management professionals & specialist service providers. Presented by Pinnacle Quality (AWS approved training organisation).**

The **AWS Specialist and Auditor Training Program** is a one-day course for people seeking accreditation as AWS accredited auditors, consultants and trainers. From an auditor's perspective this course examines the requirements of the AWS verification processes. For specialists it will examine the value proposition for water stewardship compliance and the business case for water stewardship. This course is accredited and recognised by AWS as meeting the Level 3 requirements for professionals seeking accreditation as an AWS accredited auditor, consultant or trainer.

### PROGRAM OBJECTIVES

The AWS Specialist Training Program aims to:

- Equip Auditors and specialist service providers with a deeper knowledge of the application of the water stewardship system to water using sites
- Provide potential auditors specialist service providers with an understanding of the AWS verification system and its requirements
- Provide potential auditors specialist service providers with an understanding of the AWS accreditation program and its requirements
- Support specialist service providers in developing a business case to market their services to business and organisations likely to engage with water stewardship.

### WHO SHOULD ATTEND?

- People interested in becoming accredited AWS auditors, consultants or trainers

### PRE-REQUISITES

The program will be taught in English so participants will be expected to have a satisfactory grasp of English. Participants will also need to have completed the **Foundations of Water Stewardship and Advanced Training in the AWS Standard** programs before undertaking this course.
